

ANDREW LEVINSON

Data Visualization & Product Design

EXPERIENCE

Data Visualization Designer (*class partnership*)

United Nations Development Programme Regional Bureau for Africa (UNDP) | Aug. 2018 — Dec. 2018

- Researched, designed, and coded web-based data visualizations on Sub-Saharan Africa's renewable energy potential
- Presented interactive visual essay to Chief Economist and Head of the Strategy and Analysis Team at the UNDP Regional Bureau for Africa

Product Designer

Devbridge Group | May 2017 — June 2018

- Designer on a cross-functional team of engineers, product managers, and designers in a dual-track Scrum workflow building large, complex digital products
- Various design process activities: research, user personas, sitemaps, user flows, wireframes, user testing plans, interface designs, style guides, and more

Senior Analyst | Analyst (*Consulting*)

Accelerated Growth Advisors | Sep. 2014 — Jan. 2017

- Designed, developed, and implemented dynamic financial models, tools, and dashboards
- Rebuilt financial and operational infrastructure for \$2M – \$60M companies
- Led internal R&D team and taught classes related to finance & accounting, Excel modeling, and PM

Professional Touring Musician

MONSTERS (*Signed Band*) | Apr. 2008 — Apr. 2011

- Composed music, recorded albums, and toured nationally and internationally
- Managed the band's creative direction, financing, merchandising, and logistics
